

At Walmley Junior School we learn French in Years 5 and 6 to introduce and promote a modern foreign language. We learn lots of basic vocabulary and grammar in order to hold simple conversations with others, as well as learning about French life and culture.

Pupils even have the opportunity to visit France for a week in Year 6! We can practise some of our language skills with French people and experience first-hand what the country is like. This includes a World War II site, a traditional bakery, a huge Sea-life centre, towns, markets and some wonderful sandy beaches. Memories to last a lifetime!
