

DESIGN TECHNOLOGY

At Walmley Junior School, we champion the need for high quality learning experiences in Design and Technology. This is a subject where pupils can gain a range of practical skills relevant to their everyday lives; take risks and become innovative thinkers; make connections and apply their knowledge from other subjects such as Maths, Science, Computing and Art; and develop a greater appreciation of how the world around them has been shaped and has changed over time.

DESIGN & TECHNOLOGY

These are just some of our school projects:

- Photo Frames
- Houses on Stilts
- Bread Making
- Phone Cases
- Fairground Rides
- Beef burgers
- Moving Toys
- Christmas Decorations
- Bridge Building

We are very proud of our Food Technology room and all pupils have many opportunities throughout the year to use it!

TOP TIPS for being a great designer:

1. Be imaginative
2. Be inventive
3. Take risks
4. Be resourceful
5. Be resilient
6. Be a problem solver
7. Make Mistakes
8. Learn from them!

And REPEAT
