

# READING

is an adventure that never ends!

Reading is a fundamental part of everything we do at Walmley Junior School. We have a strong progression of skills in place which provides a secure foundation for reading. This in turn, develops confident, independent readers who can access a wider range of high-quality texts across the curriculum.

We develop our children's 'cultural capital' with a language rich environment and ensure that we have a wider range of texts displayed in both the library and each classroom which correlates with our Creative Curriculum. Our Reading curriculum and learning environment promote a love and passion for reading, which in turn enhances our children's mental well-being, resilience and motivation.

**Imagination**

This month's challenge comes from author @KatharineOrton - 'If you had a magic cape for travelling, where would you go? What would you see/do? It could be somewhere real or imaginary.'

Deadline: \_\_\_\_\_  
Prize: \_\_\_\_\_

**Authors in school**
