

DESIGN TECHNOLOGY

At Walmley Junior School, we champion the need for high quality learning experiences in Design and Technology. This is a subject where pupils can gain a range of practical skills relevant to their everyday lives; take risks and become innovative thinkers; make connections and apply their knowledge from other subjects such as Maths, Science, Computing and Art; and develop a greater appreciation of how the world around them has been shaped and has changed over time.

DESIGN & TECHNOLOGY

These are just some of our school projects:

- Photo Frames
- Bread Making
- Phone Cases
- Fairground Rides
- Healthy Burgers
- Moving Toys
- Christmas Decorations
- Bridge Building

TOP TIPS for being a great designer:

1. Be imaginative
2. Be inventive
3. Take risks
4. Be resourceful
5. Be resilient
6. Be a problem solver
7. Make Mistakes
8. Learn from them!

And REPEAT

We are very proud of our Food Technology room and all pupils have many opportunities throughout the year to use it!
