

Year 3 Project

Due date - by Monday 11th November

As part of your work in Geography on the UK, we would like you to find out about British landmarks. You can choose from any of the four countries in the United Kingdom: England, Scotland, Wales or Northern Ireland.

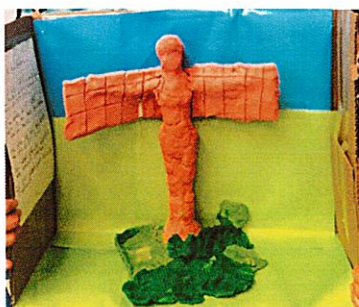

Some examples of what you can research are:

- Windsor Castle
- The Angel of the North
- Stonehenge
- Giant's Causeway
- Big Ben
- The London Eye
- Loch Ness
- Mount Snowdon
- Tower Bridge
- Jurassic Coast

You might like to make a model or do a painting of the landmark you have chosen. Please include some facts about the landmark on the back of your project. We will use this information in future lessons in class. If model making is not your thing, you could write a detailed fact sheet or create a fact filled poster.

You can use the internet to do research, but please do not print out pages to hand in, as this would not be your work.

Have fun finding out about your chosen landmark.

Mrs Baker, Miss Pearson
and Mrs Drinkhall
